

# CIYING WANG

ARCHITECTURE UNDERGRADUATE

I'm a second-year student at University College London who is seeking for internship opportunities where I can apply my academic skills to practice. The four-year programme I am attending at the Bartlett School of Architecture, Engineering and Architectural Design (MEng), is designed in close collaboration with industry leaders to combine the major disciplines of architecture and engineering of the built environment. Key modules include Advanced Mathematical Modelling and Analysis, Design Practice, Structural and Foundation Analysis, Environmentally Responsible Building Systems, and Urban Physics.
